

Membership Application – 2024 – Post September 1st

To complete your application, you must meet with the Board at the next regularly scheduled Meeting.

Windycrest was formed in 1965 through the great efforts of many dedicated people. A part of the Articles of Incorporation state:

The purpose of this organization shall be to encourage the pursuit of sailing as a recreational activity and as a competitive sport; to teach the art and rules of sailing; to engender a spirit of sportsmanship among its members, their families and within the community; to promote the teachings of the methods, techniques and sciences of sailing to both adults and young people; to develop new methods, techniques and ideas for the improvements and aerodynamics of sailing and sailing craft; and to handle and promote regattas on a local, district, regional and national basis for the racing and competition of sailing craft.

The Club members continue to work for the betterment of Windycrest. Members are expected to contribute their efforts and skills to maintain and enhance the Club's activities and facilities. This is an organization where, to a large extent, one pays for the privilege of membership by working with others in the pleasant job of making the club function successfully.

Members take turns on the race committees, managing and conducting the series races. Most repairs and improvements to the facilities and grounds are done on a voluntary basis. We plan, organize, and carry out our own social events. Everything that keeps the Club looking good—we do ourselves.

Windycrest's calendar includes a broad range of sailing activities for both the novice and experienced sailor. Family activities are a part of every month's activities including beach parties and fun sailing events. The racing programs start in March and continue into November. Racing seminars are held to enhance racing skills. Junior and adult sailing development is an integral part of the Windycrest programs. During the summer almost every Saturday will find the juniors and adults learning, practicing, and racing to establish and enhance their sailing skills.
